FASTEC IN VISION

Fastec Lubes, founded in 2022 in India, is a young and dynamic company with extensive expertise in manufacturing a wide range of lubricants. As an ISO 9001:2015 certified manufacturer and supplier, Fastec Lubes is highly trusted in the industry.

Headquartered in Surat, India, with production facilities in Vapi, Gujarat, Fastec Lubes produces a comprehensive array of automotive and industrial lubricants. Their product line also includes base oils, VI, coolants, and greases.

Fastec Manufacturing specializes in advanced performance synthetic engine oils, designed to offer exceptional cleaning power, wear protection, and overall performance. To effectively serve its Indian customers, Fastec Private Limited has established a robust distribution network across the country.

FASTEC DIRECTOR'S

Sushil Kumar Dwivedi | Mayank Agrawal | Atul Upadhyay

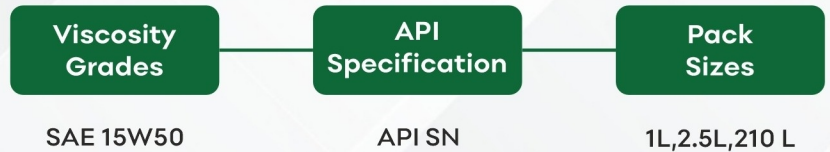

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Recommended for all new generation high performance motorcycles.

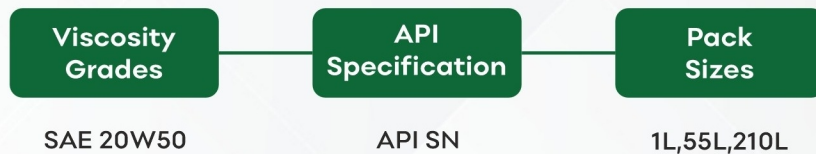

RIDE BJ (SYNTHETIC TECHNOLOGY)

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Recommended for all new generation high performance motorcycles.

RIDE PRO STAR + (SYNTHETIC TECHNOLOGY)

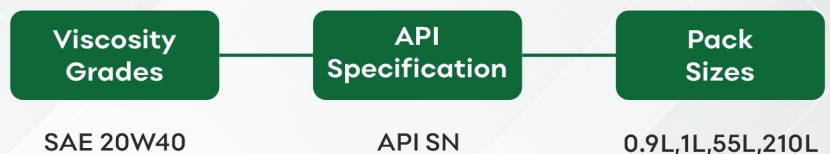

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Recommended for all new generation high performance motorcycles.

RIDE CLASSIC

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Viscosity
Grades

SAE 20W40

API
Specification

API SL

Pack
Sizes

0.9L,1L,55L,210L

Recommended for all new generation four stroke motorcycles from Hero, Bajaj Auto, TVS Motors, Suzuki, Honda, Yamaha, LML, etc.

RIDE XP+

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Viscosity
Grades

SAE 20W40

API
Specification

API SJ

Pack
Sizes

0.9L,1L

Recommended for all new generation four stroke motorcycles from Hero, Bajaj Auto, TVS Motors, Suzuki, Honda, Yamaha, LML, etc.

RIDE PRO/ RIDE SCOOTER + (SYNTHETIC TECHNOLOGY)

Product Description

Fastec top of the line 4 stroke motorcycle engine oil to meet the stringent demands of high performance motorcycles. The engine oil is specially formulated using synthetic base stock and advanced additive technology to provide outstanding engine cleanliness, wear protection and serve better performance.

Product Benefits

Maximises power output because of better engine performance.
Significantly reduces fuel consumption.

Viscosity
Grades

SAE 10W30

API
Specification

API SN

Pack
Sizes

0.8L,0.9L,1L,55L,210L

Recommended for all new generation four stroke motorcycles from Hero, Bajaj Auto, TVS Motors, Suzuki, Honda, Yamaha, LML, Activa, etc.

Product Description

Premium engine oil designed to keep the engine running like new even in most severe operating conditions. Exceeds highest performance standards stipulated for crankcase lubricants of Petrol and diesel engines. Recommended for use in all new generation cars and Multi utility vehicles made by Maruti, Honda, Toyota, General Motors, Skoda, Hyundai, M&M, MG Hector, Nissan, etc.

Product Benefits

Enhanced fuel economy, extended drain intervals, Reduced oil consumption and enhanced all round engine protection.

CAREN SUPREME (FULLY SYNTHETIC)

Product Description

Premium engine oil designed to keep the engine running like new even in most severe operating conditions. Exceeds highest performance standards stipulated for crankcase lubricants of Petrol and diesel engines. Recommended for use in all new generation cars and Multi utility vehicles made by Maruti, Honda, Toyota, General Motors, Skoda, Hyundai, M&M, MG Hector, Nissan, etc.

Product Benefits

Enhanced fuel economy, extended drain intervals, Reduced oil consumption and enhanced all round engine protection.

CAREN CLASSIC

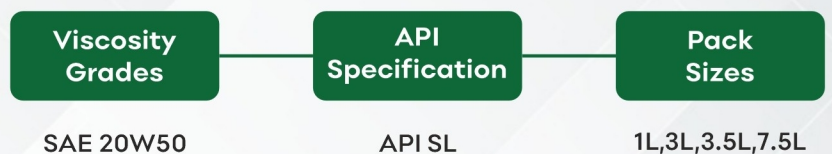

Product Description

Top of the line engine oil designed to keep engines running like new, even in the severe most operating conditions. Caren classic is a high performance engine oil for crankcase lubrication of both diesel & petrol engines. recommended for use in new generation cars and multi utility vehicles made by Maruti, Honda, Toyota, General Motors, Skoda, Mercedes, Hyundai etc.

Product Benefits

Enhanced fuel economy, extended drain intervals, Reduced oil consumption and enhanced all round engine protection.

GAS SPECIAL (CNG OIL)

Product Description

Fastec Gas Special is an engine oil blended from premium quality base stocks and special selected additives. The special formulation helps in the lubrication of vehicles using CNG and LPG fuels. Recommended for Cars, Taxis, Van and 3 Wheelers using CNG/LPG as fuel.

Product Benefits

Keeps engine parts clean ensuring smooth engine operation. Improved wear protection. Excellent Protection against Oxidation and Nitration effects.

Viscosity
Grades

SAE 20W50

API
Specification

API-SG

Pack
Sizes

0.5L,1L,2L,3L,210L

SUPER PERFORMANCE+ / HITECH TURBO (Synthetic Technology)

Product Description

Premium diesel engine oil exceeding the requirements of new generation diesel engines fitted with turbo charger, blended using synthetic technology base oils and high performance additive package. Recommended for use in Tata Motors, Ashok Leyland, Eicher Motors and all Other heavy duty diesel engines in on-highway and off-highway application. Recommended for use in all EGR fitted engines.

Product Benefits

- Marked resistance to deterioration especially from oxidation.
- Provide excellent control on oil thickening.
- Excellent protection to the turbocharger.
- Keeps clean even the hottest parts of the engine such as pistons and piston rings.

Viscosity
Grades

SAE 15W40

API
Specification

API C14+/C14

Pack
Sizes

1L,5L,6L,7.5L,10L,
15L,20L,55L,210L

DUAL TURBOSTAR/ SIGMA UNIVERSAL

Product Description

Premium diesel engine oil exceeding the requirements of new generation diesel engines fitted with turbo charger, blended using high performance base oils and additive package. Recommended for use in Tata Motors, Ashok Leyland, Eicher Motors and all Other heavy duty diesel engines in on-highway and off-highway application. Recommended for use in all EGR fitted engines.

Product Benefits

- Provide excellent control on oil thickening.
- Excellent protection to the turbocharger.
- Keeps clean even the hottest parts of the engine such as pistons and piston rings.
- Significant reduction in oil consumption.

Viscosity
Grades

SAE 15 W40

API
Specification

API CH4/CF4

Pack
Sizes

1L,3L,5L,7.5L,10L,
15L,20L,55L,210L

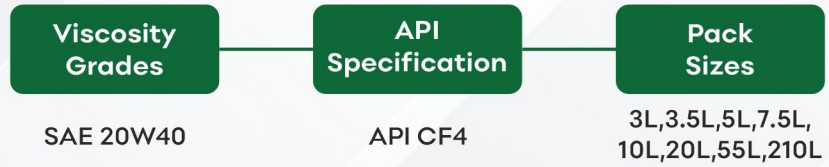

Product Description

Diesel engine oil exceeding the requirements of naturally aspirated engines. Recommended for use in all types of trucks and tractors under all operating conditions.

Product Benefits

- Reduced wear on engine parts.
- Increasing engine life.
- Demonstrates excellent control on oil thickening.
- Excellent detergency keeping your engine clean.

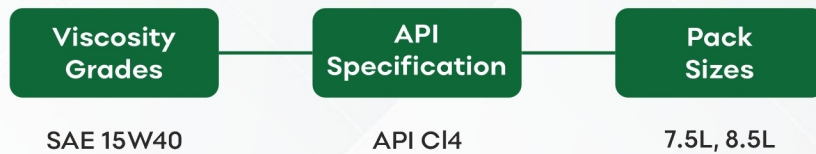

TRACTOR STAR (SYNTHETIC TECHNOLOGY)

Product Description

Premium diesel engine oil exceeding the requirements of new generation diesel engines fitted with EGR. Blended, using high quality base oils and high performance additive package. It can be used in all turbocharged fitted engines. Recommended for use in all new Generation Tractors, Agriculture Equipments & Othe heavy duty Diesel Engines.

Product Benefits

- Marked resistance to deterioration especially from oxidation.
- Provide excellent control on oil thickening.
- Excellent protection to the turbocharger.
- Keeps clean even the hottest parts of the engine such as pistons and piston rings.
- Significant reduction in oil consumption.

PUMPSET OIL

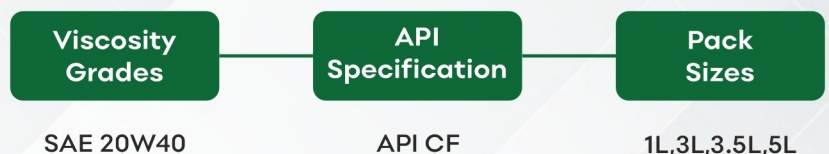

Product Description

Diesel engine oil exceeding the requirements of naturally aspirated engines. Recommended for use in all types of trucks and tractors under all operating conditions.

Product Benefits

- Reduced wear on engine parts.
- Increasing engine life.
- Demonstrates excellent control on oil thickening.
- Excellent detergency keeping your engine clean.

PSO-KISHAN URJA

THREE STAR SUPER (SYNTHETIC TECHNOLOGY)

3 Wheeler

Product Description

Top of the line superior performance diesel engine oil blended from synthetic base oils high performance additives to meet the severe requirements of light commercial diesel engines. Recommended for all Mini Trucks like Tata Ace, Tata Super Ace, Mahindra Maximile, Ape Truck & 3 Wheelers from Ape, Bajaj Auto, Atul Auto etc. Recommended specially for use in vehicle powered by Greaves & Lombardini engines.

Product Benefits

- Enhance fuel economy.
- Extended drain intervals.
- Reduced oil Consumption.
- Enhanced all round engine protection.
- Excellent drive feel performance.

Viscosity
Grades

SAE 15W40

API
Specification

API CI4+

Pack
Sizes

0.5L,1L,3L

THREE STAR (SYNTHETIC TECHNOLOGY)

Product Description

Top of the line superior performance diesel engine oil blended from synthetic base oils high performance additives to meet the severe requirements of light commercial diesel engines. Recommended for all Mini Trucks like Tata Ace, Tata Super Ace, Mahindra Maximile, Ape Truck & 3 Wheelers from Ape, Bajaj Auto, Atul Auto etc. Recommended specially for use in vehicle powered by Greaves & Lombardini engines.

Product Benefits

- Enhance fuel economy.
- Extended drain intervals.
- Reduced oil Consumption.
- Enhanced all round engine protection.
- Excellent drive feel performance.

CARGO MINI

Product Description

Fastec Cargo Mini 15 W-40 is a multi-grade Diesel engine oil blended from premium quality base oil and treated with additives to impart superior properties. Specially formulated for Cargo Mini Trucks, Pick-up Vans operating in Cities, highways.

Product Benefits

- Superior detergent properties
- Multigrade engine characteristics make the engine oil suitable to operate under a wide temperature range.
- Superior anti-rust properties ensuring engine protection.
- Maintain low oil consumption.

Viscosity
Grades

SAE15W40

GEAR OIL

GLAZE EP SUPER / GLAZE ROTRA / GLAZE CRW PLUS

Product Description

Gear Oil exceeding highest performance requirements even on most severe operating conditions. Recommended for Gear lubrication of heavy commercial vehicles from, TATA Motors, Ashok Leyland, Volvo, Man and Eicher Vehicles.

Product Benefits

- Ultimate gear protection under extreme loads.
- Superior Performance even in shock load condition

Viscosity Grades

SAE 80W90, EP-90,
85W140, EP140

API Specification

API GL-5/GL-4

Pack Sizes

0.5L,1L,5L,7L
12L,20L,26L,55L,210L

GLAZE ROTRA SYNTH

Product Description

Fastec Glaze Rotra Synth GL-5, is a fuel efficient gear oil formulated with synthetic base oils and EP additive package for lubrication of all gear boxes and axles requiring an API GL-5 and SAE 75W90 specification. Recommended for all heavy duty non synchronized manual transmission, axles and final drives requiring API GL-5 specification

Product Benefits

- Synthetic based multi grade transmission/Gear Oil.
- Excellent thermal and oxidation stability and very high VI.
- Allowing easy gear changes at both high & low temperature.
- Excellent wear protection, anti rust and corrosion properties.
- Support in fuel economy.

Viscosity Grades

SAE 75W-90

API Specification

API GL-5

Pack Sizes

2.5L

GREASES

GREASE LONG LIFE RED GEL-AP3/MP3 (LITHIUM/CALCIUM BASE)

Product Description

Fastec Red-Gel Grease is a lithium based premium quality, multipurpose grease of NLGI 3 consistency. Manufactured high viscosity base oil and fortified with Anti-wear additives, rust and oxidation inhibitors. The special formulation ensures superior shear stability

Product Benefits

Because of its multipurpose nature it can be used for a great variety of applications, simplifying stock control & eliminating the danger of grease being used for the wrong job. Having a high dropping point, it can be used without difficulty over a wide range of temperatures.

Viscosity Grades

NLGI-3

Pack Sizes

0.5,1,2,3,5,7,18,180KG

HYDRAULIC OIL - HIFLOW - HLP/AW

Product Description

Fastec HLP/AW Hydraulic are superior quality anti-wear hydraulic oils for use in circulation systems and in hydraulic circuits. They are obtained from selected paraffinic base stock and treated with anti-wear, anti-oxidant and rust additives. The oils are available in a wide range of viscosities to suit all practical requirements. Recommended for mobile and static hydraulic applications of Industrial and other Equipments, Hydraulic cranes and lifts, loaders, reach trucks, fork lifts, excavators, dumpers, loading ramps and tail boats.

Product Benefits

- HLP/AW oil provide good wear protection thereby prolonging service life of moving parts.
- HLP/AW oil process high film strength , which help in minimizing friction and wear.
- High viscosity Index to restrict viscosity changes under operating condition.
- They have low pour point which allow easy start-up of hydraulic equipment even at low temperatures.
- Using outstanding anticorrosion and antirust properties inhibit the oxidation of internal surface of hydraulic circuit.

Viscosity
Grades

HLP/AW

Specification

ISO - VG 68

Pack
Sizes

5L,10L,20L,26L,210L
